SUBJECT: Your Participation Required: Data Center Maintenance – July 17

You are receiving this message as a person responsible for maintaining your system that is housed at the University Data Center.

As previously announced, on July 17, testing of all applications housed at the Data Center is REQUIRED to confirm connectivity after network firewall equipment supporting major University online systems is upgraded. Work will begin at 12:00 a.m. and end at 4:30 p.m.

This listserv is used to provide details regarding testing procedures, maintenance updates, and for reporting your test results to NUIT during the testing application timeframes. You may choose to UNSUBSCRIBE, however, all applications must be represented.

TWO APPLICATION TEST WINDOWS
Two two-hour testing periods are scheduled to begin at 7:00 a.m. and at 2:30 p.m. Testing results must be reported as soon as possible, but no later than 9:00 a.m. and 4:30 p.m. respectively.

Here is what you will need to do:

- Confirm on/off campus connectivity
- Conduct testing for standard use scenarios
- Conduct any other tests as you deem necessary
- Report all results back to this listserv

To learn more about this scheduled maintenance, including a list of University online systems affected by this upgrade, please visit NUIT’s “What’s New & Changing @ NU” at <http://www.it.northwestern.edu/transitions/2010/data-center-firewall.html>.

All questions regarding this message should be directed to Data Center Facility Support at 847-467-2753 or r-ostrowski@northwestern.edu.
