Date: June 2, 2010  
FROM: NUIT Communications  
SUBJECT: Your Participation Required: Data Center Maintenance – June 26

You are receiving this message because you have been identified as a person responsible for maintaining your school or departmental application that is housed at the Data Center.

As previously announced, on June 26, **testing of all applications** housed at the Data Center is REQUIRED to confirm connectivity after network equipment such as routers, load balancers, and firewall equipment supporting major University online systems is migrated to a new power service. Work will begin at 2:00 a.m. and end at 2:00 p.m.

You have been automatically SUBSCRIBED to a special listserv DC-APPS@listserv.it.northwestern.edu to receive details regarding testing procedures, maintenance updates, and for reporting your test results to NUIT during the testing application timeframes. You may choose to UNSUBSCRIBE, however, all applications must be represented.

**TWO APPLICATION TEST WINDOWS**
Two one-hour testing periods are scheduled to begin at 6:00 a.m. and at 12:00 p.m. (noon). Testing results must be reported as soon as possible, but no later than 7:00 a.m. and 1:00 p.m. respectively.

Here is what you will need to do:

- Confirm on/off campus connectivity
- Conduct testing for standard use scenarios
- Conduct any other tests as you deem necessary
- Report all results back to DC-APPS@listserv.it.northwestern.edu

To learn more about the University’s power remediation project, including a list of University online systems affected by this move, please visit NUIT’s “What’s New & Changing @ NU” at <http://www.it.northwestern.edu/transitions/2010/data-center-maintenance.html>.

All questions regarding this message should be directed to Data Center Facility Support at 847-467-2753 or r-ostrowski@northwestern.edu.
