Mobile Tools

Tools to Stay Informed

[Northwestern on iTunes U](#) and [Northwestern YouTube](#)

- Arts, campus news, athletics, technology, academic and research presentations

[NUIT to Go Podcasts](#)

- Learn about NUIT services, as well as technology tips and tools

[NUIT Tech Talk Recordings](#)

- Presentations on getting to know your computer, videoconferencing, computer security, being “green”, and emergency preparedness

[Twitter](#)

- Breaking news from NUIT about the latest podcasts, status of NUIT services, and more

NUIT *to Go!*

Check out the latest NUIT Podcast:
Consulting and Project Office at Your Service

NORTHWESTERN
UNIVERSITY

Stay Connected During Summer

- Your [@u.northwestern.edu account](mailto:u.northwestern.edu) can be used anywhere
- If you must forward your e-mail, check it regularly or you might miss:
 - NetID expiration warnings
 - E-mail notifications
 - Security updates from NUIT
 - www.it.northwestern.edu/accounts/email/forward/staff-forward.html

Be Secure While You're Away

- Protect Against Viruses
 - Download the latest University-provided Symantec AntiVirus
 - For home **and** personal use
 - Uninstall any trial or antivirus software before installing new version
 - www.it.northwestern.edu/software/sav/
- Automate Updates
 - Keep your software up-to-date and off your mind by letting your computer do the updating
 - **PCs:**
 - Go to My Computer / Properties / Automatic Updates
 - **Mac OS X:**
 - Go to Apple / System Preferences / Software Update

Be Secure While You're Away

- Use [VPN](#) off campus
 - Virtual Private Network (VPN) establishes a "secure tunnel" for your computer on the NU Network
 - VPN provides strong encryption, enables authenticated access to the NU Network from external and untrusted environments, and proxies your network traffic so it appears to originate from within the NU Network
- Using a public computer? **Be sure to log off!**
