Subject: Central NU modem pool will be retired on August 1

To all UNITS representatives:

Following two years of planning and preparation, the central NU modem pool will be retired on August 1, 2005 -- two weeks from today.

Current users of the modem pool are receiving e-mail reminders about the upcoming deadline on a regular basis. To assist with this transition, Northwestern University Information Technology (NUIT) has provided detailed information about alternative options for accessing the Northwestern University Network from off campus on the NUIT Web site at <<http://www.it.northwestern.edu/offcampus/>>.

Details regarding the plan can be found at <http://www.it.northwestern.edu/transitions/2005/end_modems.html>. Questions regarding the modem pool can be directed to the NUIT Support Center at 847-491-HELP (4357).

We appreciate your help during this transition.
