

GM049 - Aging Submitted Proposals

Description – This report provides an analysis of the proposals that are pending for a PI, school, or department. Sorted by the number of days since submitted, the report gives the ability to see a list of proposals which have been funded.

Purpose – This report will serve the purpose of projecting potential funding. Users will have the option of requesting a status change in InfoEd if the proposal will not be funded.

Accessed By (role or department) – OSR, School Administrators, Department Administrators and ASRSP
